To Our Retirees

*Mr. Thomas J.
BROWN*

Jessica Abrams

"Mr. Brown's class was one of the most memorable classes of high school for me. That was sophomore year, and still to this day, in the hallway I get an enthusiastic,

'Miss Abrams—how are you doing?' High school wouldn't have been the same without Mr. Brown."

Joey Dello Russo

"Mr. Brown has given over 20 years of his life to WHS. He has taught multiple generations of families and is a familiar name and face to all. For over 20 years, his booming hall-voice reminds everyone that they are in Westwood High School and that there will be no fooling around. He has revealed history to hundreds and hundreds of students over the years through his one-of-a-kind teaching style."

Chris Follen

"Mr. Brown is a teacher who has had a positive impact on many of our lives. He is a very helpful and caring mentor, who always has his students' best interests at heart. He has helped me to learn not only history but also many other important lessons. He will certainly be missed next year."

Mr. Dillon

"Mr. Brown is as respected by his colleagues as he is by his students. He is a great teacher of history and a person of high moral integrity. He will be greatly missed."

Mrs. Gail **HAYES**

Kristin DeCamp

"Mrs. Hayes was a phenomenal teacher! She always made class so much fun when she impersonated characters from different novels we read. Her love for teaching was incomparable to anyone I've ever met."

Emily Kelly

"Mrs. Hayes definitely has a way with people. I looked forward to her class because of her humor, kindness, and "multiple guess" quizzes. I will miss her smiling face in the halls."

Kaitlin Brodrick

"Mrs. Hayes was one of the best English teachers that I have ever had. She helped me move from level two to level one by giving me all the extra help that I needed. She made sure that we all did our very best."

Mrs. Kelsch

"What can one say about a colleague like Mrs. Hayes? She is incredible- smart, funny, devoted. Wordsworth's daffodils will never be the same."

Katie Harris

"Mrs. Barraza was a great teacher who always pushed us to do our best and whose enthusiasm made her class interesting and enjoyable."

Danielle Harris

"Mrs. Barraza is one of the greatest teachers I've ever had. She never expected anything less than our best. She is intelligent and truly loved her job. The Westwood HS community will miss her skills and enthusiasm greatly."

Greg Wells

"Mrs. Barraza is an excellent teacher. Her teaching skills are extraordinary. I learned so much in her class and my writing improved by leaps and bounds."

Mrs. Brackman

"Mrs. Barraza is the epitome of excellence. She defines "teacher." She will be replaced but never equaled."

Mrs. Jeryl

BARRAZA

Sara Harrington and Max Dorsch announce the 2006 Dedication and present a certificate to Mr. Ducheneau at the Class Day ceremony.

*Presented, on behalf of the Class of 2006,
by Sara Harrington and Max Dorsch to
Mr. Ducheneau, June 2, 2006:*

The main ingredient of the 2006 Yearbook is SMILES. And so it seems fitting that the members of the Class of 2006 have chosen to dedicate the yearbook to a man who is always smiling, and whose sincere love of Westwood High School makes us smile. On behalf of the Class of 2006, we dedicate this year's book to Mr., Señor, Bill Ducheneau.

Mr. Ducheneau has positively influenced our individual and shared experience both inside and outside the classroom. Members of the Class describe him as welcoming, devoted, patient, openhanded, and a cheerful contributor. He has taught Spanish and French at Westwood High School for 34 years. As Nikki Bruné said, "You can tell he truly loves teaching at Westwood. Mr. Ducheneau was my Spanish 3 teacher. I will never forget his lesson on the subjunctive, or 'subjuntivo.' I understand it because of him." Though so many of us have benefited from Mr. Ducheneau's work in the classroom, we appreciate him greatly for what he has given us outside the classroom.

The sole organizer of the Prom, Mr. Ducheneau is our ultimate party host. The Prom is important to him because it is important to us. He thoughtfully considered every detail of the event to ensure our night was as special as we hoped it would be. He welcomed us to Prom with his camera in hand

and took pictures of us as if we were his own. In a tradition he started last year, he created a display of his Prom photos in the entry to the school to welcome us back the following week.

Mr. Ducheneau has gotten to know many of us in his role as teacher of driver's education. He's logged a tremendous number of mustache-hair-raising hours in the passenger seat, *teaching us "B.S." – that's blinker/shoulder, of course*, and all his other tricks to drive safely and confidently. With his knowledge, sense of humor, and seemingly infinite patience, he's gotten us on the road and made the process fun. Tony Viti said, "Any man who can teach me to drive without having a nervous breakdown deserves to be knighted, canonized and most importantly have a yearbook dedicated to him."

Much of Mr. Ducheneau's influence is the result of his unofficial role as our one-man welcoming committee. Though we've endured a lot of variables in the parking lot this year- gravel, mud, no paint lines, long

"You can tell he truly loves teaching at Westwood"
-Nikki Bruné

"Any man who can teach me to drive without having a nervous breakdown deserves to be knighted, canonized and most importantly have a yearbook dedicated to him."

- Tony Viti

"He stands in rain, sleet, sun, and snow to greet us. He's one of the nicest people in the world."

- Brendan McCarthy

"Mr. Ducheneau is truly dedicated to making everyone feel welcomed at WHS."

-Kathleen McDonald

"He has been my homeroom teacher for the past four years of high school and every day he has been upbeat and happy to be there."

- Amanda Lever

"He loves what he does and we love and respect him for that."

- Jimmy Vanaria

traffic lines – we've enjoyed one constant, Mr. Ducheneau. He is there every morning to ensure our safe arrival to school and to cheerfully wish us each a good day. As Brendan McCarthy said, "He stands in rain, sleet, sun, and snow to greet us. He's one of the nicest people in the world."

Mr. Ducheneau extends his welcoming and warmth *in* the school throughout the day. He is the Governor of "Good Mornings", the Benefactor of "Bon Jours", and the Officer of "Holas". Whether he's standing at the door of A256 or walking down the halls, he receives us like an ambassador of goodwill. Can he possibly know us all? He tries to, and seems to. He even uncannily knows which language we each study and greets us accordingly. "Salve" to you on route to Latin class. Kathleen McDonald said, "Mr. Ducheneau is truly dedicated to making everyone feel welcomed at WHS." Amanda Lever said, "He has been my homeroom teacher for the past four years of high school and every day he has been upbeat and happy to be there." He misses us on the weekends and looks forward to seeing us on Monday. Jimmy Vanaria said, "He loves what he does and we love and respect him for that." And for that, we, the Class of 2006, smile, and we offer our Yearbook full of smiles with muchas gracias, Señor.

Thank you, Mr. Ducheneau.

The Adventures and misadventures of two small town girls coming to the big city carried the audience through this year's musical, *Wonderful Town*. A cast of thousands, well 65, filled the stage with energy and excitement as they performed songs by Leonard Bernstein. The audience enjoyed a night of laughs and fun, not to mention some great Irish Step Dancing by the Smiths and a sax solo from Mo. Three great nights transformed the auditorium into a Wonderful Town.

An ensemble cast brought to life Mary Zimmerman's *Metamorphoses*; the 2005 Fall Play based on Ovid's *Metamorphoses*. A collection of fables each of which looked at how the changes in the world impacted those who inhabit it. This beautiful piece of theatre washed over the audience christening the space as the first play ever performed in the new auditorium.

Science

The Science Club is for students who have an interest in science. The Science Team provides opportunities to participate in competitions and interact with students from other schools. Students demonstrate and build on their science knowledge through such challenges as building robots and cantilevered structures, or even making paper airplanes. This year they moved up six places at state competition.

Robotics

Members of the Robotics Club experiment with robotics. The team competed in The FIRST Boston Regional competition, a six-week period of designing and constructing 120+ pound robots. The team's robot, "Woody", had to play a full-contact combination of soccer/basketball as part of a team of three robots, against three other robots. The team's work earned them the highest rookie seed in the competition and 9th overall place out of 43.

Its goal is to promote democratic discussion within Westwood High School.

Legislative Council

The Legislative Council plays an essential role in the WHS community. Council positions are elected, but the meetings are open to non-voting students and faculty members. As the legislative body, the L.C. reviews and debates proposals, relating to important issues at WHS. Legislation becomes part of the WHS Student Handbook.

Although the group serves as the school's gay-straight alliance, its focus is not solely on differences of sexual identity. This group works toward increasing the level of respect for diversity among students and in the community.

It takes a lot of work, patience, and love to create a yearbook. Thanks to "The Leadership" who approached the 2006 YB as an endurance event: Sara (four-year veteran superstar, you rock, *thanks for the hock*), Max (the General of get-it-done-right); Jason (who needs depth when you have a pitcher who can start AND finish any game); Katie (design maven - parent ads never looked so good); Callie (from cut-outs to clocks, always creative) and Jillian (you make it beautiful and make it look easy). Shout-out to Stevie-wonder-cro-mack-daddy whose senior year shows great promise. Thanks team. Your commitment is unprecedented. - Liza

Ok, so, highschool good times, bad times... maybe more bad times than good unfortunately. I will miss almost nothing. Highschool showed me what life is like, it showed me what people are like and that not everyone is who they seem too be. Highschool has taught me too many important lessons about people and life that have shaped me into the person I am today. I miss Halo on friday nights at my house with my friends (highschool started and ended that tradition). I have met many important people in my highschool time. Katie, my loving girlfriend, is the most important person of all :) My friends are also extremely important to me and I'll miss them. Also important through out high school were Mr. Chatterton, Mrs. Misuta, Mr. Mao, Mr. Kulick and Mr. Malaxos.

Deanna Ahigian

"Blink and you miss a beat." To the ones who made these 4 years unforgettable--I love you all. Varsity Field Hockey #7. Myrtle Beach '06. Pura Vida & Aruba '05. Summer '04 & '05. The crazy memories--alex's house, manny's palace, closets, spy missions, making history, movie nights, spin-bottle, safe buddies, Halloween, sledding, sleeping in the jeep, [rain]dance parties, themed parties, JDAK road trip, great times w/ Schnell & Rube. Latin 4 Cult--sketch scale, Magistra's stories, impending doom. Old School--heaters, lipstick on walls & water fights, remember track? Miss you Tommy ['88-'04]. Mom & Dad--thanks for everything. I truly had the time of my life.

Sean Andrew

High school has been all about companionship and friendship. There is nothing quite like our late night bonfires, running into the entire grade at Ice Jacks on a Saturday night, or the infamous dance parties. Here's to FSU '05, and the snooze button when the alarm is telling me it's time to get up and head to Nobles at 4:30 AM. The truth is it never mattered what I was doing, it was all about who I was with. So here's to the friends I will never forget- Love all you guys. Best of luck Seniors of '06!

Nicole Balekjian

TJJNKZ- possibly the most talented sketch comedy group EVER. "join me," "the sparks" Kathy's senior bible, Scene It, the same 5 restaurants in rotation every weekend, hang man and word pass in MICH, JS cblock... drool. Jenna-15 years and counting. Zeina- Your laugh lights up my life. Jessie- "you complete me." Tanya-There's not enough space to list your moments, but I cherish every one. Kathy-our shenanigans are countless, from cells to now you've kept me laughing. Thank you all so much for getting me through four years of procrastination. My life would be nothing without you! amaze.

I will never forget Jessie's love and spirit, Kathy's random break outs in song, Nikki's odd noises, Zeina's metal leg, and Jenna's amusing stories and loudness. What I will always remember about my high school experience was that I was able to have friendly relationships with almost everyone I came into contact with. I started to become less intimidated of the upperclassmen in my freshman year in Mr. Ricci's Woodworking class and more of myself. I then decided to keep a positive attitude towards things and found a calling in Winter and Spring Track. I made sure to put my best effort into everything I did. I want to be remembered as the guy who everyone could get along with and wasn't afraid to speak his mind.

Mark Carey

I would have to say my best memory of high school is of being in my basement with everyone. Going on the trampoline when it was 50 degrees out and raining with Sean and Dan was interesting too. Getting pg's with Kurt was fun. I'll have a hard time forgetting Bobek's continual "redecorating" of my computer screen. I'll never forget the school trip to France (well I can't because I have that scar on my arm), and how we discovered that Mike and Ikes make excellent projectiles. My time at WHS has been unforgettable. I have memories of the courtyard in the old high school. I remember relaxing outside on the grass during free blocks. Along with this memory, I will never forget playing varsity tennis. The tennis team has been immense amounts of fun. The greatest part of WHS, however, has been all the life-long friends I have made. I have learned a lot both socially and academically. I will always remember my four years at WHS.

Alexander Frost

Senior year has been a series of surreal events. In a year full of endings, I can't help but remember all the beginnings. In the face of every WHS student and teacher, I see my past. This year has been the culmination of 12 years of education, formal and otherwise. Thank you all for educating me. Some things I'll remember: Platonic, "the pact", Costa Rica, every show ever, Tennis team, "The Nest", Thursday nights at Mike's, Fast food night, Festi Stealth at KZ's, Richie's in October, H+A Frees, everything... "Farewell, hello, farewell, hello."

Allison Gassman

As we go on, we remember all the times we had together. And as our lives change come whatever, we will still be friends forever: KB,JZ,JC,SM,SH,SC,AS,LC,LN,MS,JF,BM,AM,DD,SW, Wonderful Town, Antigone, Crucible, Anything Goes—Drama Kids forever. Coldstone's trips...playing at the park, stalkers 4 life, codenames, movie nights w/ chinese food, ice skating with b.molly and a.munar, superbowl parties, cast parties, history movie nights, g-unit rocks the stage, Spamalot! stripped lighters, "girls", RENT parties, NAWDTY, musical theater sing-a-long in Chemistry! It's something unpredictable, but in the end it's right. I hope you had the time of your life.

After four years I want to do it over again. Remember: undefeated freshman boys' soccer. I've tracked it up for four years, and hope to keep on doing it in college. The Javelin is my weapon of choice, and my mark is made for years to come. Band is the best class ever. I'll always remember the classes of 02 though 09. Since my will was too short I've got some stuff left. To Drew Lowey I leave drinking water on June 17th. I'd leave Arty and TO track, but they're already better than me. Boys State CI for Life.

Alexander Gentilli

I will always remember the fun nights in George's basement and my basement, dinners at Fridays and Clydes, the Diamond Dynasty (the best fantasy baseball league ever, five years and still running strong), hanging with my friends, football, working out with George. Thanks CL GA RI CT TM MD for all the fun memories. To the Senior Class-thanks for making these past years the four most memorable years of my life.

Yoni's arrival to Westwood at 10th grade brought forth a new chapter in his life, creating many memories in his life. Soccer, being Yoni's favorite pastime, has allowed him to remember great memories in Westwood that include long bus-rides, Gatorade championships, and most importantly the celebrated team that was, and still is the Water Drinkers. Furthermore, his introduction to legends, Darrin's dance crew, and personas that puke at the gym have helped the high school years fly by. Yoni vividly recalls schooling being interjected by enjoying chicken feet and great hockey games. R.I.P high school days.

Paige Gunning

I never thought that I would be sad to finally be leaving Westwood High, but there are a few things I know I'll miss: concerts in the rain and monkey men; Seymour Glass and his feet; Amnesty meetings; late night drives and conversations at one in the morning; Most of all I will miss the people and experiences that, for better or for worse, made me who I am.

These years have been filled with great memories. My family and friends have made this experience unforgettable: "This life is worth living, since it is what we make it." (J. Williams). I will never forget the awesome trips to the Cape, P.V. concerts, watching numbers, ice cream in free blocks, walking up hills during track, xaverian practices, and being captain with Katie and Steph. To E.A, K.F, S.H, K.S, J.L, A.H, L.Z, P.G, A.B, and E.H, thanks and I'll always remember the wonderful times we had together.

Kurt Gottschalk

Cape Cod, the pit(s), 2 AM missions and adventures, sliding, concerts (216/416), Baseball at Morrison, sign "displacement," Bonzi Buddy, drawing pictures, Iced Tea, Lufchts whenever we feel inspired, ghost hunting, hotel lobbies, and all the things we'll still do when we come home. Brand New, Zito, Charlie Brown Christmas, Matt's and Drew's basements, Sector Three, PSU weekend. Always forgetting to take pictures when I wanted to the most. Walking with no destination. Thanks to those who made it all possible, I'll miss you. Go Spartans!

Muhamed Hadzipasic

I started out high school as a big shot Freshman on the Varsity Soccer Team. Andy Bond and Dave Duff remembered to always remind me I wasn't that big by pointing and laughing as I carried the water jug. Music and class were a blast...Mr. Seider's class was great. I will always remember Sophomore year by AP Chem and Dr. Griffin; from the Volvo seat on wheels, to Henry the Dog, to the chair in the trash, to the Chem seesaw...it was never boring! Junior year I was a workhorse. Mrs. Kelsch kept everyone busy and Mr. Holthouse's class was always a blast. All State Music and Symphony Hall will always be remembered along with my first jazz combo. At the end of the year, I finally got to sleep. Senior year meant applying to college. Luckily I was one-and-done. Relaxing, hanging out with friends, captaining the soccer team, and playing music was a lot of fun...Good-bye Westwood High...JHU here I come!

Amal Hamdan

Trying to put four years of memories in less than a hundred words is somewhat impossible. I've had so many great, and often interesting, experiences, half of which I'll eventually remember twenty years down the road. How could I possibly describe about the past four years of my life? Fun? But of course. Frustrating? Always. Pointless? Never. "It was the best of times, it was the worst of times..." Bingo.

Rebecca Hansen

Man did these past four years fly right by, I remember just like it was yesterday. Freshman year came to be a huge surprise; the difference between private schools and public was very evident. With a ruff start, my career began. Junior year was definitely one to remember, thanks to Coach White spending endless hours working on my shot put form. I achieved 50 ft. placing me 4th in Westwood's history. I then met the most amazing woman, Audrey. "Summer nights" Senior year rolled around and by fall I started at Defensive Tackle, and Offensive Guard. Lastly, thanks Westwood high.

My high school experience has been one that was so fun and so interesting. I had a really good time pretty much my whole four years, but i must say, most of my fun times happened outside of school. Some of my favorite memories would be going to Tellos with Meghan D, Going to Boston with my girls, Braintree (even though it was a while ago i still loved my time there) Franklin, the funny noises that come out of Soapalof, walking into the DiGacomo house at 6am and just chillin with my girls. For the most part, high school has been the best part of my life so far. However, it was in the worst year of my life that I discovered my true friends, the ones who went through every minute of the tragedy with me. I want to thank everyone and anyone who helped during that time – you know who you are. I'm never going to forget the unconditional support and kindness of my friends and classmates. T's, you'll always have a special place in my heart. Cass, we've become the people that our parents warned us about, and I absolutely love it...Westwood High School, never forget that my name means paradise...

Hey guys! It's been fun. From pranks in Molee to huge poetry papers, we've had our work cut out for us. From hanging in the cafe to getting lost in Lowell (great Phil Vassar concert), we've had a blast. From visits to Cape Cod ("Hey Cutie!") to impromptu Numb3rs parties, we've made some great memories. These past four years have really flown by but I'll treasure my time spent in WHS forever. I've made some great friends not limited to: MH, AH, AB, PG, LZ, and KS. Love ya!

Biweekly Taco Bell runs, hacking in schools old and new, and 13-hour movie marathons in Viviane's basement. Philosophical discussions at 1 in the morning, crazy spanish videos, and Halo 2 LAN parties. Super Smash Bros. and waffle parties in band. Buying an exorbitant amount of pins. Seeing Metallica and others live. Skating at Medfield, Norwood, Randolph, and Hyde Park. Snowboarding trips, and taking the long way home. Going to Jazzband religiously, and somehow managing to play Electric Lady every year. Running the 110 hurdles by myself, and subsequently making a fool out of myself. Loving every minute of it.

Roger Lis

Memories never fade away. Thank you to my teachers. I learned a lot from all of you and without your guidance I would not be the person I am today. Pencil spinning. A shout out to soccer. Without being able to look forward to practices and games, life would have been a lot harder. Unlucky about #9. Thank you for the life lessons. A few words for my friends...you were always there for me and I'll never forget any of you. Plus I'll be up in Montreal, so don't be a stranger. To my family: You were always there for me...always. If you don't take risks, you risk even more. It's all about your attitude. Hope is all you have. Procrastination is key, and so is food. And the greatest of these is love. Senior year = crazy. Bio experience with lc and sm. Twenty Four. Band. WTC with sc. Circles with X's. Rubik's cube. Take you me for a sponge, my lord? Crisped rice. B block free. Shakespeare. Going through the stages of coping with km. I love pit band. James Blunt. I would prefer not to. Italian job and rube. And next year? Watch out, Boston.

"Play fair. Foul play is treachery." My high school days consisted mostly of sports; everything from my two-point freshmen basketball career, to the Paw Sox game on prom night, to the Diamond Dynasty. I loved every minute of the soccer season, especially my "perfect, floating service" to Yoni in the Medwaygame. I'll always remember the many long runs and maze workouts with the track team, and relay medals. I can't forget The Soccer Team, the no-name championship team, the Water Drinkers, and June 17th. I also managed to enjoy myself in Latin IV and Grover's class, and Germany should be as sweet as Honduras.

Susan Macgillivray

"Looking back on the memory of..." family and friends and all that they've done for me. Here's to: foreign countries, late night beach walks (and wrestling matches), unsuccessful ghost hunts, 4 a.m. luscious, karaoke nights, musicals, Garden State, Mike's basement, spying through basement windows, and late night adventures. I remember knowing extraordinary teammates and winning those meets/games that meant the world, bus rides, spirit boxes, dress up days, '05 tournament, and the coaches who got us there. High school has definitely lived up to its reputation. Between friends, classes, and annual changes in curfews, it's been well worth it.

"We're so young, let's abuse it all and have a little fun, I'll drink to that let's all drink to that." -David Melillo, thanks to my friends for the past four years, it's been perfection, I'll miss: mike planning everything (thanks), OC parties, driving around with nowhere to go, platonic (P!), track, band, pacts, laughing, crying, smiling, late nights, excursions, France with Madame, Montreal '06, singing in free block with Sam, Dunkie's with Marji, Homeroom with Susie, knowing glances with Johanna, slacking with Jess, laughing with Sheila, and doing just about everything else with Nikki, thanks guys, good luck

Brendan McCarthy

These past four years have been productive, informative and fun as well--the learning experience has been a maturing experience also. I have profited from the curriculum, most especially History. I am scheduled to join the US Border Patrol, and I look forward to this experience with great expectation.

Good luck and happy times to all my classmamtes.

Caitlin McCarthy

I was on the Girls Varsity Swim Team for all four years of High School. I swam the 200 freestyle, and the 500 freestyle. The team is a great group of girls, and I hope they keep up the good work. There were some good times in high school. Listening to Doc Baker in math, and Mr. Kulick for legal studies. Going to our Hack Circles during lunch or free blocks. My Hack Name was Sarge. Pretty fitting I think. I'm gonna miss my friends when we all leave, but I'll always remember them, and all the laughs we've had.

Amanda McDonald

I have learned to take too many pictures, laugh too much, and love endlessly because every sixty seconds you spend upset is one minute of happiness you'll never get back.

Kathleen McDonald

In 10 years, when I am living in sunny California, and I look back to high school the first thing I will remember and miss are the many friends I have made here. One of my favorite things about high school was the wind ensemble, and the pit band. I have also loved pitching for the varsity softball team. I will always smile when I remember prom, Scituate, sweet 16, the fun weekends, Minnesota, and Chili's. WHS is amazing because it is the place that shaped me into the person I am today.

Thomas McDonald

I'll remember freshman basketball, 2 years of football, one year of spring track, my friends, and (this material has been deemed inappropriate and/or illegal).

Timothy McGrail

Westwood baseball, WaterDrinkers, June 17th, Clyde's, basements, the park, Colins mountain house, Summers at Belknap and at Kurt's cape house. Those were four years I will never forget.

Daniel McHugh

Westwood High, what is there to say? Bye. One my favorite memories from High School will always be the picture seen here. Matt waiting for his date before prom, it's hilarious. Shoutout to all my true friends, you know who you are. Parties in Matt's Basement, these won't stop. Getting caught by Ms. Walbran, I swear I was working on my yo-yo. Sitting with Alex at Indoor Track every Saturday. Mr. Dillon, Mr. McGunagle and the moldy room in the old school math wing. Why did Matt get suspended Junior year?

Rose Mckernan

It's a rough day-but everything's okay, I'm up all night-but everything's alright, It's a rough week and I don't get enough sleep-it's a long year pretending I belong here. "Many People will walk in and out of your life, but only some will leave footprints in your heart." - To Danforth, Houston, and Lancey, I wouldn't have made it without you. I thought of all the yesterdays, the good ones and the bad, I thought of all the love we shared and all the fun we had. If I could relive yesterday, just even for a while, I say goodbye and kiss you, and maybe see you smile- r.i.p. Tstylez

"It takes a lot of understanding, time, and trust to gain a close friendship with someone. As I approach a time of my life and complete uncertainty, my friends are the most precious asset". Most importantly I'd like to say thank you to my mother and father for being so supportive, and my brothers Jesse and Brad for always being there for me. I'd like to write all the fun times I've had with my T's but I'd run out of space. I love you girls! Par, we've become the people our parents always warned us about and I love it. To the endless nights in my basement, and the many more to come.

Proudly living on the outskirts of Slingtown—PDBL, poker, getting tacon-faced; Hokey—the three Donahues at the barrel during Montreals, Whetstone in the morning, feeling like Gretzky the morning after the Super Bowl, Revera Bloz, "Route 138 Stoughton? Never heard of the place," the Coyle-Cassidy hit, Whelan's words of wisdom, joining lax to keep hockey season alive; Golf Team—quoting Caddyshack, winning the Nally Cup during a Nor'easter, hitting drivers a mile high; Tailgating then assembling in the Den; Fierce battles with Lever, Beeds, and A-Pop in the morning; Latin A Block cult—the sketchy seal; C-Free hearts and Kee-no's O'Doul's; St. Patty's Day '06—Erin Go Bragh; SH—March 1st—U2, Bon Jovi, Red Sox games, and many trips to the 99.

Viviane Nguyen

High School was quick, boring, cool, and emotional. Upperclassmen hate the incoming freshmen and kids never *really* get along. Field hokey, the best four falls of my life, pain included. Clubs, best place for friends and goofing off. ROBOTS! Enjoy it kids, best time ever with enforcers and stools. I still have that scar! Haeky-sacking in the lobby, scrambling to finish NAHS projects. Spectrum "meetings." "Cronin" and Mao sniping in the hallways. The ridiculous Halo parties, random trips to Panera and Taeo Bell. Never doing anything senior year and doing everything junior year. FRIENDS, all you have and all you need.

Stephen Napolitano

My memories of high school will always be of just hanging out with my friends, making and playing music, going to concerts, and having an all around good time.

Matthew Noonan

Over the past four years, there have been so many memories of my time at WHS. Ranging from freshmen soccer, in-town basketball, running the mile and 2 mile, Cross-Country, and four amazing years of CYO Basketball with Coach Noonan. Patriots games with Bobby, James, and Richie, the New England Patriots becoming a DYNASTY, the Boston Red Sox winning the World Series. Hanging out with friends, Summerball and pick-up games at the Sheehan, wiffleball in the Travers' backyard. Playing Tenor Saxophone in the jazz band, sound crew with Charlotte, Meredith, and Lampie. Summer with Ed K, broadcasting at the muddy parking lot.

Brian Novoson

In my four years I don't know if I've learned more about my classes or the people I took them with. I'll never forget the innocence of being an underclassmen, having an icon. I'll always look back on being an upperclassmen with a smile. Senior year: Matty's basement with the crew, Treon house, Club 151, and loving Natti, singing country with Kate and Amanda, library sessions with Magz and Dwyer. 10-9'er will enforce for years to come. No more Montreals! Boys lax > Girls Lax. I can't believe my four years are done but the people I leave knowing have made them the best four years of my life.

High school can be different things to different people. I remember Latin class freshman year, which was my first class with seniors. I remember my first chess match, my first mock trial, my first year on judicial council, my first date. I remember my freshman year like it was yesterday, yet my senior year is almost over. The years have flown by, and I will remember them as some of the best years of my life.

Ashley Powers

"It's times like these that you'll never forget simply because of the friends you've shared them with." Many good times and memories love you guys, drivebys, culdy," it's a baby", rides to football games, bball superfans, fieldhockey, camp, Summer '05, highway, cape, Eblock crew, introtoart05, cohoes, senior year. Thank you mom, dad and girls for everything.

Anastasia Puckerine

Hey my name is Anastasia Puckerine but everyone knows me as Stacey. My most significant memories are coming to school and having fun, laughing and spending all the time in such a different environment. The most important people to me in and outside of school are my grandmother and my mother because without them I would not be where I am at today. I also want to thank all my teachers at Westwood High School for putting up with me. And last but not least I would like to thank all of my family and friends. U know who you are. I want everyone to remember me as a very outgoing person and I also know people will

remember me for the way that I dressed. The last thing I want to tell everyone is "HATE IF YOU WANT... CAUSE ONLY GOD CAN JUDGE ME..."

PC '10. We've all been together for so long it's hard to just get up and leave. There are tons of memories that I'll always have of high school. Some highlights of these four short years that I'll probably always remember are... all the hilarious times at Drews (i.e. Snake) and Corsi's... Kurt's cape house... late night runs to 7/11 for beef jerky... the Pit... all the concerts TBS/JEW/MotionCity/TheFormat/FOB. I have my friends to thank for all the good times and of course Sammm <3 my awe-inspiring gf. Peace out senior year.

Samantha Ronan

100 words could never do the past four years justice...frankly, I've grown pretty attached to this stack of bricks. Madame Flaherty made junior year bearable, Mr. G made playing oboe worthwhile, and Mr. Kulick exposed me to everything from Salinger to sarcasm. I've somehow found myself surrounded by the most amazing group of friends. Even when indecision was "the plague of my existence," I was always thrilled just to be with those kids. Switching schools, Mike's basement, JV volleyballers, FOB/TRS, prom, France ("o-tell!"), band trips, managing the best-looking team in Westwood...*sighs thoughtfully* "On vous souhaite tout le bonheur du monde."

Westwood, for better or worse, hasn't seen the last of me and even if I cannot visit as much as desired, you will all be in my heart until the day I forget about you. You know I love you.

WHS, Wow! what an amazing journeym. It has been the best four years of my life so far. So much has changed, but those changes all happened for a certain reason, and for the best. Those changes changed me as a person, a friend, a student, and a leader. Those changes all came from Westwood High School, and the amazing people in it. I will always remember my friends especially my closest friends. Karlie, Ali, Maggie, and Kristin. They are amazing girls who were always there to support me 100%. They believed in me and my dreams. I couldn't have made it this far without them. Thanks girls you are the sisters I always wished for. I will never forget our silly groups, 3B and Kamka. Other people may of thought they were goofy, but they always reminded us that we were there for each other. I will never forget my teachers, fellow classmates and others whom I cherished and loved so much. Thank you for helping me shape the person I am today. And most of all thank you for believing in me! I will miss you all tremendously. Lots of my love throughout etemity. Ashley!

Westwood High it's so sad to be leaving but the time we shared over the past four years has been great. I will always miss the friends that I will part from come June 4th. The countless number of snacks during free blocks. Teachers confusing my name with Jaunita. The non-stop homework and countless tests

taken. I never thought I would be saying this but I believe it was all worth it. I want to leave Westwood High with the memories of having great times. My mom couldn't have chosen a better school. I want to be remembered as a nice person and very funny person to those who knew me.

Katherine Sugg

I loved high school. I have made so many friends that I will keep close to me throughout my life. I will always remember dancing to the juke box in the cafeteria at lunch. Friendship and sports are the things that are most important to me. I want to be remembered as a good person. A person that people could go to either talk to or laugh with. High School has been great. I've been involved with Amnesty, SAAH, No Parentheses, tennis, track, soccer, The Pygama Game, NHS, and so much more. I want to remember all the great times and the tough times. I've met some awesome people at WHS and had some unforgettable teachers. I've learned I can stick it out and then excell.

Katherine Wiggin

"The two hardest things to say in life are hello for the first time and good-bye for the last." From two high schools, come two million memories. It's impossible to list them all. From musicals to vball, 6 flags to Costa Rica, to NY trips and Boston outings, lazy nights with friends, to hectic days, backstage to under the lights, VE to karaoke nights, old HS courtyard to the patio, new friends, old friends, driving, running, screaming, hugging, and laughing...it's been quite the ride. To my best friends, to Mom, Dad, Kara and Jack, thank you. I love you. "The past is behind, learn from it. The future is ahead, prepare for it. The present is here, live it."

Alanna Wong

Not enough sleep aka my high school experience. The terms wonderful, stressful, enlightening, HARD, and too short also come to mind. Memories to keep: Plunk ('nuff said), w00t science team!!!, free blocks of laughter, "It's just a bird!", blue slushys (= the secret to life), Brice et Madame, the best friends I could ever hope for. The last is most important. I love you very much. Thank you for being there for me...GROUPIES (forever), Leila (my life planner), Steph (there are no words to describe), and dear Stoic (*HUGS*). Happiness consists in realizing it is all a great strange dream.

Jaunita White

Memories I will never forget: -Amanda Cloherty you are so funny babe I will never forget that crazy laugh. "Hey Girls" -Janea what are we going to do with you, you're crazy "The CHAMP is here." I will definitely see you later. -KK continue to make me laugh we finally got a class together senior year remember PowerPoint freshman years those were the days. -Myesha I will never go out to eat with you again because you might leave (LOL). Never bye but Later for now...I hope we have the times of our life ~06~. Betcha that can't do it like US!

Samantha Wolf

"There'll be times in our lives we'll look back on the love and the laughter we've shared, and we'll start down that road once more, the road of childhood past." Cedar '05, Ply '04, Punta Cana '06, Bdays in Boston, hallow '03, golfing:), Nica'04, Shakers, racquet ball therapy, PAM, PIG, U.T.M.B., Mexico'05, Gav/Celts, OAR. To my girls, STEAKMS S.B, T.O., E.B., A.P.K.V.E., M.W "I always knew I'd look back on the times I cried and laugh, but I never knew I would look on the times I laughed and cry." Matt-J.T. and the polska party I love you! boys-you're awesome and you all always keep me laughing.

Robert Worth

Some lies last a lifetime
They keep our diaries hidden
They don't let the whispers slip
Between the cracks of the bathroom stalls
Or be written on the bathroom walls....
But still I can hear those dirty birds chirp away
It's a song I know by heart
Sometimes I resent making friends and acquaintances
It's a thin veil between us It's a thin veil between us

Simon Xia

Possessing only pole articulateness, I am probably going to stumble a few times in describing why high school was so leet. On a visceral level, I think we all know why we have enjoyed these years, so I'll allow the fine people residing in the bios next to mine to explain. Meanwhile, thanks to all who made high school a place in which many quests were had, many goals were followed, and many memories were made.

Leila Zahka

If you don't know me by now, you never ever will.

Mneah. seniors06, the ever legendary Nest, Soccer, OC thursdays at Mikes, chili's and a movie in early days, platonic, France 05 and Montreal 06: two of the best vacations of my life, Pitch, Tom and 100 dollar man, good times.

Joanne Zessis

In four years I have changed so much... thanks Mich! Amazing times and no regrets with many people but AG, SM (just Shan), SC, and SH, you have been my lifelong buddies! Shan, I am so glad you did the plays. We became so close considering we never saw each other during school! Ally, we have been best friends/ twins for ten years and hopefully for more. We must add to our unforgettable inside jokes, which include: beanbags, pandas, paper airplanes, Jack and the beanstalk, and striped lighters! Girls, remember the good, forget the bad, and anticipate the future!

Luke Zhou

An ancient Chinese saying goes, "However hard it may be to start something, it's even harder to leave it." Moving to Westwood was tough, but 5 years later, leaving it is even tougher. From Planet winning AD medals, to Raymond pinch hitting as team manager, to James swift dance moves, to Mark's hilarious quotes, to Tony's AJ Burnett, to Kyle nailing threes, to TJ's mission, to forgettable nights with unforgettable people, this year has truly been amazing. "Saying goodbye doesn't mean anything. It's the time we spent together that matters, not how we left it." – Interestingly enough, *South Park*

You know what's right for you. I have an enormous amount of faith in your ability to make your life a happy one. The only obstacles you have are those in your own mind; don't be satisfied with less than all you can be. There is no race to win and nothing to be proven, only dreams to be nurtured, a self to be expressed, and love to be shared. Never doubt your worth, and always know that you are truly loved and valued.

Ashley Smith

Ashley, you have faced many obstacles throughout the years, you have accepted each challenge and gone forward with determination to conquer them one by one. You have never quit, most importantly, you have believed in yourself. You are an inspiration and role model to many and admired for your talent and dedication. You have achieved greatness in many ways. We have watched you grow to become a young lady, a loving and caring human being, a loyal friend, and a beautiful daughter and sister. We respect your accomplishments, more importantly, we are proud of the person you have become. As you come to the end of the road of your high school education, you are preparing to enter the next leg of your journey to college. Don't forget to stop occasionally on your busy path. Take time to remember your high school friends, the gifted teachers who have inspired you throughout the past four years, your amazing accomplishments in dance, and your family, and be thankful to God for his blessing. These are your memories. Cherish them as yours forever. They have molded you, in part, to be the person that you have become today.
